Dear
Mr. Charles Jordan,

In the second argument on the writing of examination, I had discovered that you are the examiner's supervisor and the telephone number, but my English language ability obstruct me from making proper conversation which is very unfortunately!

From converse ability in my English, I had to written a letter to examiner Mr. Dinh on October 27, 2003 , but him does not get reply. The letter in argue focus a very serious problem which is to ask to examine my patent must fair do not take any prejudiced, I hope that you can see the letter and made a decide for fair examination.

United States is a big country of the patent of science and technology, it is ruled by law and the modern civilization also had good record, but the prejudice had appeared to be a form of overdoing outside the art of examination. Because I asked for fair treatment to final patent examination.

Thank you for your Kind attention.

Sincerely yours,

Zhen-Man Lin
