Respectable  
President of USA

Dear  
Obama;

Your Excellency to attend to numerous affairs of state every day, also manifest to become thin more and outset the white-headed too!

Especially after Your Excellency honored the Nobel Peace Prize, the innumerable question of society and to deem is the cheapening of the Nobel Prize, but it have the more people think: "...there's something really striking here, so the appraisal meeting of Nobelist be bound to have really given much thought to the matter to have really given much thought to the matter". But, Your Excellency undoubtedly the name matches the reality true and believes no one more clearly about with me! I will is he first eyewitness in history!

Ever since Your Excellency assumed office, I saw your exertion even as your an inaugural address that will to reach out both hands to help China Government from the opposite of history to turn one's head, the Hu Jin-Tao was a enlightened Chairman, he was to be willing and the Chinese patent office same the USA patent office start the Examine Act in the meantime, but he was to summon back before the G8+5 meeting at Eupope abruptly on July 08, 2009. Again on the Sep. 23, 2009, the Hu Jin-Tao him seems that was at doorway of USA G20 meeting to hesitate to press forward..., so the WHO was to wait for a long time and lose hope, so all the appraisal meeting of Nobel were worry very too and all the leader of G20 no sincerity smiling face to shown in the photomontage look!

Because WHO has waited for G-20 approve to use the invent of PCT/SG03/00145 that "washing-lung" medical treatment to save life of H1N1 swine flu and more phthisis, pneumonia patient, this is people inaudible war in 21century and is a war of resist alternative-Nazi, it more than the hope of all the appraisal meeting of Nobel as well whole mankind include all Chinese whom was in the act of to wait for Your Excellency to lead allied forces to land Normandy!

Just as expected, I see Your Excellency to strive once again and sign a order of state of emergency to prophylaxis and treatment the H1N1 swine flu, in the new, US CDC just announced since that influenza H1N1 flu outbreak in April this year has caused the death of about 4,000 Americans on Nov.12, 2009..., I think, all this misfortune it will to be readily solved in Your Excellency's journey of visit-China.

The above news it was not to stand alone, from the news of majority Asian Countries even to cheer USA was to come back! Such as the Thailand is a Buddhism Country and did not to see someone in mortal danger without lifting a finger to save him, so the Thailand sovereign will grant the invent patent of "washing-lung" medical treatment for me and lead to in opposing with the former premier Thaksin and turbulent since 2006year, now, the Cambodia of Chinese ally will to engage the Thaksin of criminal wanted by the law for an economy-adviser, behind the powers to be obvious! Also thus it can be seen, whether to admit the "washing-lung" medical treatment for save life that was become a focus of Justice VS. evil. However, this responsibility of historical peace it fall at Your Excellency's shoulder! I hope Your Excellency could be to support the

Thailand, because Thailand is a country of have ballot! More importantly, as disseminate democracy, freedom and the human rights will guarantee the mighty America! I can see and your Excellency also affirmative to know, if we once again let China conceal medicine invention, the consequence will lead to American everlasting decline and more importantly the American's ally will distant or see the winks from China!

In fact, the China Government has not encountered any difficulties to admit for this medicine invent, why the China Government have any reason to requests other country to do nothing to save sb. from ruin and assist conceal this medicine invent? The answer is absurd! The conclusion was the China Government still a state of no ballot and insist on, so unable to build up the right values and is a hotbed of personal autocrat, the autocrat could be very convenient use the “country” for a pretext to enslave any one national, but the autocrat can be wantonly to spend extravagantly the state treasury no to supervise and offer battle to the civilization of whole world!

The answer is more further to show in China have upward 70% population no or less medical indemnification or public welfare, this was bring up and train a large number low-priced and bring up the clear superiority of China products, this is the in a different form a society mode of modern bondman! Therefore, the great conclusion is that a state of no ballot does not to regard as a stranger of market economy, otherwise, for the trade balance of free world any country is not any fair to say!

Lastly, I wish Your Excellency success in your visit to China and let the world medical treatment history always records this brilliant route of travel!

Thank you!

Yours faithfully,

Lin Zhen Man
