

Subject : WHO to kill the Ebola patient exceed 5000 already, to **plaint WHO's Director** in ICJ at the last moment!

This email meat at:→ [www.ycec.com/UN/141031.pdf](http://www.ycec.com/UN/141031.pdf)

Respectable  
USA MP, Law, Hospital, Medium  
& Academic circles  
Dear  
Sir or Madam:

Today's **Ebola** to kill life already exceed 5000! Therefore, I to have no choice an ultimatum by a open letter send to **WHO's Director-General** Dr Margaret Chan and by UN Secretary-General **Mr. Ban Ki-moon** on Oct., 27, 2014. Now, for relieve of as USA society's panic and your life power, you must earnest browse below the full text and witness this stinking history by WHO to kill without batting an eyelid:

[www.ycec.com/UN/141027.pdf](http://www.ycec.com/UN/141027.pdf) or Chinese [www.ycec.com/UN/141027-hk.pdf](http://www.ycec.com/UN/141027-hk.pdf)

I again to **emphasize in hear**, the outbreak is similar to **the American West Nile Virus** and **SARS** in HK, TW or China on 2003year, **they** belong to bacterial infection group and not the virus infection group which is wrongly classified by medicine society. If they do not provide "**wash lung**" treatment of [PCT/SG2003/00145](http://PCT/SG2003/00145) invention to clean away in the lung's germs, the situation can become dire!  It was very unfortunately is, the Nobel still afraid to witness this invention, so WHO's fiend still butcher more West African now!

Now, the Ebola already to invade America and to Cause the community panic, as the New York, New Jersey and Illinois that Separate-Measures it was to confirm my condemn the new drug (**ZMapp**) can to cure the two Ebola patient lie by President **Obama**, the condemn Email document will permanent to display to witness for history at: [www.ycec.com/UN/141006.pdf](http://www.ycec.com/UN/141006.pdf) 

At the same time, Australia Government was to announce do not dispatch doctor again to West African States to assist resist the epidemic situation of Ebola and forbid that resident in epidemic area enter Au country! This was a serious wrong in humanity from first Occident Country! Please to see the [www.ycec.net/AU/2003248601.htm](http://www.ycec.net/AU/2003248601.htm), the AU patent office had not any reasons turn down my application of [PCT/SG2003/00145](http://PCT/SG2003/00145) at AU, now, the return check of application charge on **May. 30, 2009 same the EPO patent office** ([http://ycec.net/EPO/03750011\\_3.htm](http://ycec.net/EPO/03750011_3.htm)) it still to display at here to exchange CP China's bribe it will be witness in history!

Further at the same time, because above the new drug (**ZMapp**) lie failed by **Obama**, so the Ministry of Public Health of Canada that lied of the VSV-EBOV of Ebola bacterin was urgent to come on the international stage and lied it could be to use on 2015year! Please to see the web page at [www.ycec.net/CA/2511749.htm](http://www.ycec.net/CA/2511749.htm), the Ca patent office same the AU patent office had not any reasons to delayed examine or refute my application of [PCT/SG2003/00145](http://PCT/SG2003/00145) at Canada, but the Ca patent office only can to requisition me to pay the delay fee again and again!

Under above the fact that clear to show, all the leaders of Occident Country that political morality already to fall into enemy's hands of CP China's pitfall not to be divulged, the WHO also become butcher standing at the international stage now!

**I again to emphasize in hear:** The logical reasoning of "**wash lung**" treatment in [PCT/SG2003/00145](http://PCT/SG2003/00145) invention it will to stand firm and erect, the main points of medicine ethics below:

1. The "Virus" it can to infect flu is a wrong to discuss and judge by before medicine circles, because **the** viral genome can not to replication by self absolutely, so the "Virus" was not a life and very easy to test by any hospital, therefore, the "**flu shot**" was harmful with useless it must to throw away!
2. Because in place of "Virus infect" is from air that "bacterial infection" it was a **most important** discover of medicine in **this** century, therefore, the most effective treat method is use the "**wash lung**" treatment of [PCT/SG2003/00145](http://PCT/SG2003/00145) invention to clean away "bacterial infection" in the lung, besides it will not any effective drug could be to replacement.

If the **WHO's Director-General** Dr Margaret Chan who do not to **overrule** above two medicine ethics, then Dr Margaret Chan must to responsible for below the absurd case:

- a. to preside at recommend to lie by President **Obama** that ZMapp to West African States;
- b. to preside at accept the bacterin of VSV-EBO lie by Ministry of Public Health of Canada and WHO your prediction the "**Ebola bacterin**" will use in 2015year to deceive the worldwide public to continue to kill without spilling blood.

If the **WHO's Director-General** Dr Margaret Chan who do not to overrule above two medicine ethics and again to refuse order a guide for Ministry of Public Health of every country to point out the "Virus infect" is wrong with to replace somebody is the "Bacterial Infection" that only the source of death by virus, and the "**wash lung**" treatment it only can to lift the crisis of before the SARS or today's Ebola, **the WHO's Director-General** Dr Margaret Chan who to

kill at random all the Ebola patients that commit to the crime is the 「Crimes Against Humanity」 of 《Rome Statute of International Criminal Court》 it will be to set up!

Now, especially the President **Obama** with all the Occident leaders who must clear to know, let **WHO's Director- General** Dr Margaret Chan to admit her guilt that was only one the feasible way out!

In the end, because you will to benefit from above the medicine invention to lift the terror to derive from Ebola, so you have the duty and necessary to transmit at [www.ycec.com/UN/141027.pdf](http://www.ycec.com/UN/141027.pdf) that message to your locally authorities of medical matters to discern between right and wrong to advance to end this uncivilized times in our global village by WHO's brutality !

Thank you!

PCT/SG2003/00145
