Dear Sir,

I am Lin Zhen-man of Hong Kong citizen, please allow me to bring up the matter concerning the letter that was send to you on Nov.28, 2003 and congratulations you had to get the renew one's term of office!

I have three matters related to you that need your help:

1. My patent "Three safety aviation measures" was treated unequally in American during its application (appendix 1);
2. My invention of treating SARS had already gained patent rights in Hong Kong, on the basis of ethical responsibility, intense request to put into usage, but American's 3m company decline selling PFC fluid, which was related to the matter of concealing which was to provide help in the international society, (appendix 2);
3. Complains to Mr. Annan of United Nation Secretary about world hygiene and international intellectual property right two United Nation organization in concealing the facts that I treated SARS, thus needing your help (appendix 3);

On the other side, the concealed of leading man, Jiang ZeMin of before China chairman, who was control freak but he does not have as much power as before now, after Hu Jing Tao took over authority in September 19, 2004 who had already cancel the secret-order of central authorities for concealing which send by Mr. Jiang on end of September 2004. In the meantime from news, the Hu Jing Tao of China chairman had to instruct the HK government must be starting from today to follow HK law to perform work.

Jiang Ze Min, ex-chairman of China, abuses one's authority and used the secret-order of central authorities to conceal my invention. In reality, despoil the right on the contrary who were each country people, they have right to go shares my medicine invent! Besides, how long can the matter be concealed for? It is possible to tell a lie for such a long time? But, it is hard to understand why the international society helps Mr. Jiang to conceal all this, because the behavior of conceal medicine invention would be a public enemy in mankind civilization, how can the leader of Occident such muddle-headed? And how to have such the values and moral?

A rumor it was heard that not helping to conceal would cause the risk for you losing election, nowadays, it already to become in the past, hence, I hope that President Bush can help to eliminate the discrimination the society had for my invention!

Hereby, I thank you Mr. president for your time in reading this letter and please do help me out in handling this matters.
