

Please transmit these messages to every Prime Minister of European Commission!

The Honor
Prime Minister of
European Commission

Dear

Sir/Madam,

Oct.28, 2005

The UK will host a meeting of EU Heads of State and Government today, European Commission was outstanding to act as a cradle of civilization of the world in the past, and looked down upon the arbitrarily to encroach on the civil rights and not to valued the property right of knowledge by the Government of Hong Kong, it is especially the duty of UK!

Under the subject matter that was send to WHO and the sanitary department minister of each country on Oct.23, 2005. The subject is the " An open letter to unmask the *Tamiflu* is not a specific remedy for bird flu, please don ' t fool your citizen again! "

The sanitary department minister of each country who has a council to cope with in Canada next week, the TSANG Yam-kuen of Chief Executive of HK and the highest official of Guang Dong province of China whom were to catch up the council to play the role of a persuasive talker, they will request Government of each Country to look down upon the civil rights of Hong Kong again and to continue to assist in concealing the invention of curing SARS and bird flu by Lin Zhen-man.

We must to define according to air as an interface, the bird flu as well as the SARS and any types of flu were the same bacterial infection of superficiality! This theory of medical treatment to break through in 21 century for bring the invent of cure SARS and to saved over one thousand China and Hong Kong person after on May.15, 2003, but the China and Hong Kong Government did not thank the inventor, and the Hong Kong Government was to continue to strived to murder the Lin Zhen-man of inventor and to revoke the Lin Zhen-man's civil rights on the case of LDBM 220/2005, FAMV 16/2004 , FAMV 21/2002 and FAMV 1/2002etc.(Your secretary of Chinese who may be to make a statement confirm the rubbish-judge and acute rotten of judiciary from the www.ycec.com !) TSANG Yam-kuen of Chief Executive of HK in Canada currently, please the sanitary department minister of each country to be concerned with the civil rights of Hong Kong and ask the TSANG Yam-kuen, why for a scoundrel again!

Thanks to the bird flu as well as SARS and any other types of flu were the same bacterial infection of superficiality, so eating pills same the Tamiflu or injecting any antibiotics, vaccine for the bird flu which not a specific remedy, anybody can understand the principle easily, is the specific remedy only for opposing the bird flu and the patent of invention to get into the PCT country of great majority now, the specific remedy of the name of liquid medicine is the PFCO, please look through the website of <http://www.ycec.com/PFCO-Machine.pdf>

Please be concerned with the civil rights of Hong Kong and to look through the website <http://www.ycec.com/Lt-to-world-051017.htm> and remind your government to stop concealing the invention of curing SARS and bird flu!

The bird flu is the subject matter for the world nowadays, the European Commission was nervous often for made a public speech on prevention and cure of bird flu in the past were mostly erroneous.

The bird flu is the subject matter for the world nowadays, the European Commission was nervous often during the public speech on prevention and cure of bird flu in the past were mostly erroneous.

I am very suspired that the civilization of world in process of a large fall back, my invention of curing the SARS and bird flu application into the UK and EPO patent office had to put on one side a long time, but the terror of bird flu to cast shadow over one's heart in every national of European Commission and how to defend the civilization of mankind!

The breathing space is applicable to both for mankind and birds, so the medium of disseminate is the air and contagious, therefore, how could the spreading of the bird flu through air be impossible? The leaders of WHO and the government of each country must value science!

Above is Lin Zhen-man's invention is common property for the worldwide, specially when there is a outburst crisis of bird flu cases which is inevitable worldwide. The government of Hong Kong and China whom had no right to requests to conceal in common through the leader of WHO and the government of each country! At present, the *Tamiflu* which come into existence the great mass fervor of shopping rush, if again to assist the conceal of the government of China and Hong Kong, which the person of fool whom were your country person!

Therefore, the most effective way to guard against this crisis of the bird flu is to install at the every hospital and main clinic an PFCO machine, and inform your nation extensively that vaccine prevention could only reduce the rate of being infected, and when a common cold to bring about the high fever of 39 speedy and no medication is of any help, then he must use PFCO to wash the lung instantly.

A good wish for your county to defect bird flu soon.

Lin Zhen-man

Hong Kong
Oct.28, 2005
