Please to pass on to

Dear

prime minister Mr. Ehud Olmert
Ministry of Health Mr. Yacov Ben Yizri

From the report of news recently that a pneumonia (Klebsiella) in your country have broke out in the past six months and more than a hundred person whom death for incurable disease proportion in five hundred patients, the rate of death to transcend the period of SARS catastrophe at Hong Kong in year 2003.

Again from the news which pointed out the an professional of infectious disease of your country to blame because of the effect of that as a result of a large number antibiotics used and which led to drug resistance of pneumonia patients and without medication for cure and to lead to high the rate of death.

In view of humanitarianism, I cannot help but to point out in this letter that as a result of your government and WHO in the same manner in helping China and Hong Kong government to conceal my medicine invention which specific the remedy cure SARS, Bird flu and all bacterial infection of lung include above the Klebsiella of pneumonia in your country, the Concealers are secondhand to murder those pneumonia patients!

Our medicine invention logic is that we must define air as an interface, and it applies both to the bird flu and SARS and any types of flu which were sameness the bacterial infection of superficiality!

Therefore, we must use our invention of PFCO liquid medicine for disinfecting the germs of lung-surface, the all-bacterial infection of lung include above the Klebsiella of pneumonia could be to heal in 15minutes and no any after effects. In evidence, we can write down a definition of medicine from our invention logic, it was any antibiotics include Tamiflu or Vaccine for the bacterial infection of lung and there is no specific remedy and to give the drug resistance including dying patient.

Obviously, from the news, the professional of infectious disease of your country who is unaware of our invention, the patient of your country are dying an unworthily death. However, my patent application that was freeze in the patent office and had trouble between with the agents, the Israeli Patent application No. is 172528.

Though I was very hopeful that my invention could gain recognition in your country, but it is hard for you to convince the China and Hong Kong government and I have no other illegal behavior for find out, so any reason of loanword that could be to support to conceal the medical invention, because the concealment is a matter of life and death and disgraced un-civilization! Therefore, I hope if a Chinese secretary of the head of government of each country who may be to read the web address of <http://www.ycec.net/SZ-gov/2006-last-reprimand.htm> to understand Jiang Ze-Min of former China country chairman who was how to direct to persecuted inventor's factory invest in China and

to look-through at the <http://www.ycec.com/UN/Lt-to-world-hk-070224.htm> to find out why the judge of Hong Kong was trained just like the terrorist or the sinister gang unjustness to deprive of inventor's citizen jurisdiction and to use as the Court fees to loot inventor's assets of Hong Kong which only exist to support one's family, but the China leader of currently in office who was lacking the strength to change this condition!

Nevertheless, back to the urgent topical subject of your country, your country government have a duty to be clear about for every citizen family of Israel and doctors who should know about the above the logic and medicine-definition of our invent, it namely as soon as a infector of pneumonia or the common cold of fever, if the antibiotics could not bring down a fever and outstrip 39 , in this time, it must use the PFCO liquid for washing the infected lung. Therefore, the textbook of the department of medicine must make amendment appropriately. Every government hospital and main clinics must establish the lung washing-room to prevent more death cases.

I was to declare again, every country must recognize my invention and follow with interest the condition of human rights of China and Hong Kong.

Thank you!
